

Comptroller

8 October 1954

Acting Comptroller

Weekly Activity Report

1. Met with representatives of Office of Logistics with regard to the proposed agreement between Logistics and the Comptroller's Office pertaining to the responsibilities and authorities for settling contracts. Concurred in all of the revised wording of such agreement. That portion of the agreement which has been in controversy was changed by the Office of Logistics to provide that the Office of Logistics will submit any proposed waivers of audit to the Comptroller in writing, giving the reasons for their suggested waiver, and the Comptroller will make the final determination as to whether an audit will or will not be performed. As a result of this meeting, the agreement is being prepared in final form for signature by the Comptroller and the Chief of Logistics.

2. At a meeting with representatives of FE, DDP/Administration, and Office of the Comptroller, it was agreed that the Class A Finance Office will be established in connection with Project [REDACTED] rather than have such Finance Office report through the [REDACTED] Finance Officer. This arrangement was agreed to in view of the apparent independence of [REDACTED] from the Senior Representative of that area and the nature of its activities as contrasted with the other activities in the [REDACTED] area. Mr. [REDACTED] was proposed as the Finance Officer and was acceptable to the FE and DDP/Administration representatives
